

Geospatial Technology Caravan – A Series of Technology Events in India

Geospatial Media and Communications Pvt. Ltd. in association with Department of Information Technology (DIT), Government of India, is launching Geospatial Technology Caravan, a series of one-day technology events in 10 selected cities of India. The event is scheduled from September 19 to October 14, 2011 and is aimed at providing technology updates to a large number of existing and potential users in their respective cities. The caravan is designed to provide an exclusive and comprehensive update on various aspects of developments in the field of geospatial technology.

The 10 cities selected for the Caravan are:

City	Date	Venue
Guwahati	19-September	Hotel Dynasty
Kolkata	21-September	HHI Kolkata
GandhiNagar, Gujarat	23-September	The Cambay hotel
Chandigarh	26-September	Chandigarh Ashok
Jaipur	28-September	Clark Amer
Patna	30-September	Patliputra Ashok
Chennai	03-October	Green Park
Trivandrum	05-October	Taj Vivanta
Mumbai	12-October	Hilton
Bhopal	14-October	Jahan Numa Palace

Geospatial Technology Caravan will prove to be an important networking and learning ground for its participants. Around 200+ delegates, from state and central departments, are expected to attend the event.

The seminar would cover geospatial technologies such as Geographic Information Systems, Global Positioning and Navigation Systems, Surveying and Mapping, Satellite Imaging and Ariel Photogrammetry and Hardware Peripherals. The event is expected to be attended by participants working in the field of e-Governance implementation, municipalities, land records modernisation, disaster management, DSS / DSM, Agriculture, Telecommunication or other branches of geospatial applications. Apart from that, the seminar will have speakers from state and central government organisations, plus technology presentations from sponsors and partners.

Geospatial Media and Communications is pleased to announce Intergraph as Platinum Sponsor, Digital Globe and Pitney Bowes as Gold Sponsor and HP as Silver Sponsor of Geospatial Technology Caravan.

About Geospatial Media and Communications

Geospatial Media and Communications is an organisation dedicated to developing a Global Geospatial Communications Network. It strives to promote and propagate the use of geospatial technologies in various application areas for economic and social development. It remains dedicated to foster the growing network of those interested in geo-informatics worldwide and particularly in Asia. Through its activities - Magazines, Portal, Conferences, Training, Education and Research - it assists communities and governments in developing capabilities, policies and programmes as well as facilitates knowledge transfer to grassroot level.
